Arabic Writing System

Practice worksheets

Name: _____ Date: _____

1. Four layers

Explain letter body, identifying dots, contextual form and vowel mark.

2. Non-joiners

Write the six letters that stop the next connection. Find one in a familiar word.

3. Vowel contrasts

Read short and long aa, ii and uu from the article visual with a teacher or clear audio model.

4. Diagnose

Classify a reading error as dots, join, vowel or sound. Write the specific correction.

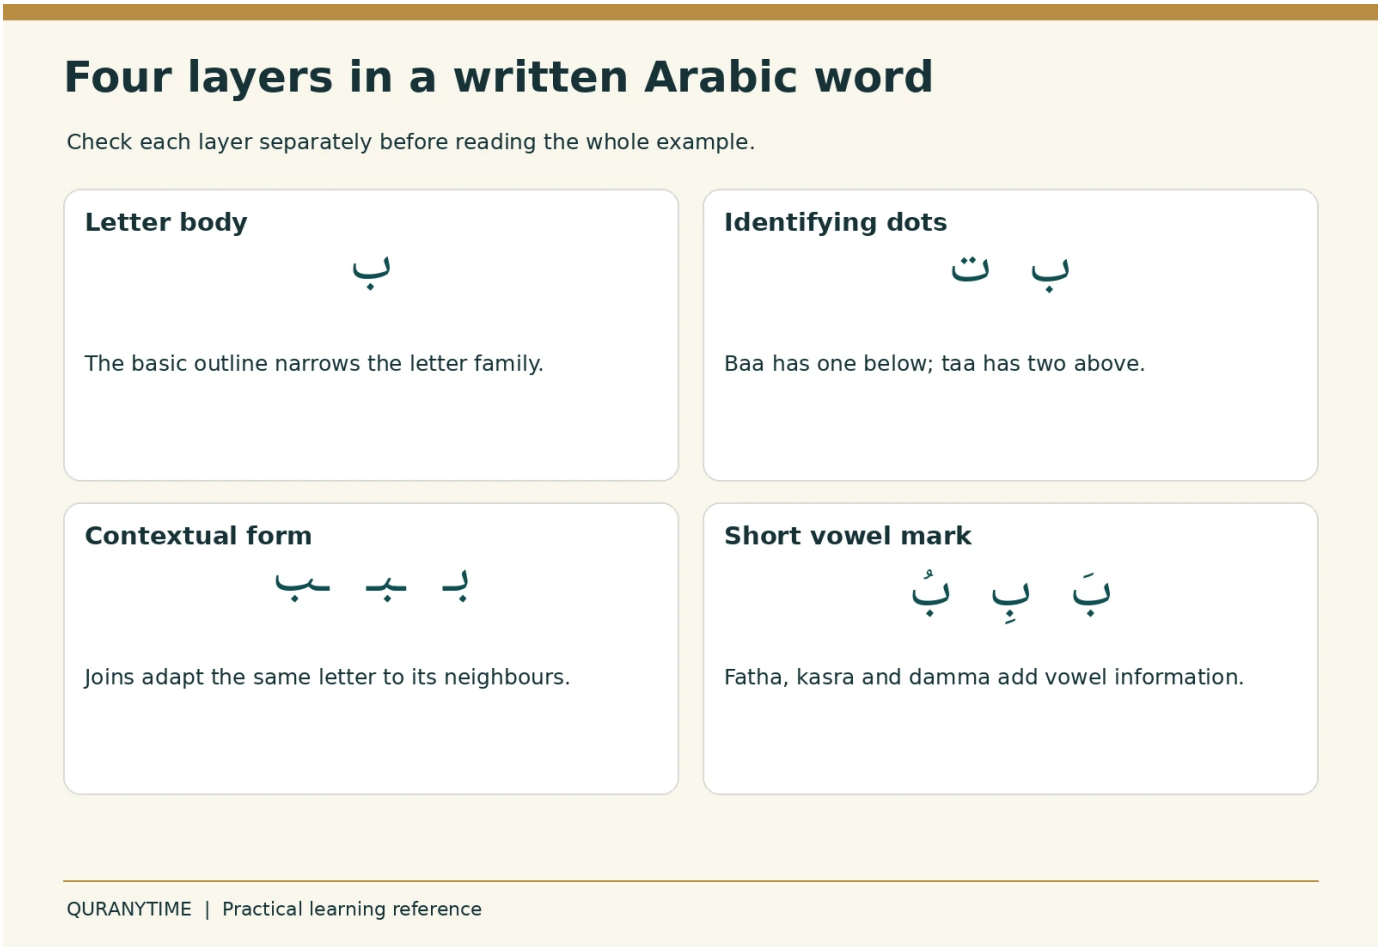

Arabic Writing System

Answer guidance and visual reference

Body narrows the family; dots identify members; form changes with joins; vowels add reading information.

Non-joiners: alif, daal, dhaal, raa, zaay, waaw.

Listen for duration and get feedback; a printed worksheet cannot assess pronunciation by itself.

Use with the full article. Teacher feedback is recommended for pronunciation.

Apply it: reference and practice

Arabic Writing System Explained

Script-layer log: choose a short example and name the feature before reading.

Feature	Arabic example	What to notice

Use one row each for body, dots, joins, short vowel and long vowel.

Non-joiners from memory: _____

Short / long vowel practice: listen, repeat, cover the model and read again.
